

NEW! IMb Window Position

The new Intelligent Mail barcode requires more space under the envelope on your #10 windows.

As recommended by the Envelope Manufacturing Association, Block Graphics will stock our standard window in a new position for IMb use.

1 1/8 x 4 1/2, 7/8 left, 5/8 bottom

The IMb window will be stocked with and without security inside tint.
Standard tints are available in black and reflex blue.
